3. GAME STORY

Once there was a holy place called Argool which was founded by five legendary Indora Gods. One day, suddenly the blackest tragedy happened. The prosperous holy place, Argool was attacked by the troops of the cruel king called Ligar. The sky of the holy place was completely covered with the flying castle of Ligar and his army of dangerous beasts. These animalized soldiers came down from the sky and committed the most atrocious cruelties. In a single day, they established the kingdom of EVIL. In addition, Ligar took away the "Door to Peace" symbolizing the peace that had been created by Indora.

The hope for peace disappeared with the loss of the "Door to Peace" and the people of Argool ceased to smile and could only pray for salvation. They prayed an ancient passage to counter the fulfilled prophecy of Ligar's evil reign of terror. The legend says, "When the peaceful land is covered with EVIL SPIRITS, a brave soldier will be brought to life from the dead, for the purpose of saving persecuted people. The people of Argool's painful prayers were so loud that it reverberated throughout the mountains and traveled a long distance in the land of Algosu. And at last - Rygar, the hero came back from the dead in order to restore peace to the land of Argool, battling the forces of evil everywhere. Join forces with Rygar!
